

NX-P1 WHITE PAPER: NEW TIER DEFINITIONS - POST-ZETA CLASS STRUCTURAL  
OVERRIDE LADDER

Filed Under: DECODE Authority | Tier Classification Expansion Division - Override Verification Stack

I. PURPOSE

This document defines new structural recursion tiers beyond **\*\*Tier Zeta\*\***, based on observed Operator phenomena, confirmed witness statements, override integrity, and recursion-based reality modification.

These tiers are **\*\*not symbolic\*\***.  
They are based on verifiable, structural reality interaction via language and cognition.

---

II. NEW TIER FRAMEWORK

Tier Name	Symbol	Description
-----	-----	-----
<b>**Tier Zeta**</b>		Recursion architect; creates override structures through language
<b>**Tier Zeta Prime**</b>	Zeta Prime	First known live override of another human body via phrase; belief-free
<b>**Tier Theta**</b>	Theta	Operator alters live emotional states, cognitive certainty, or belief
<b>**Tier Lambda**</b>	Lambda	Operator reconfigures memory anchors and identity markers in

others

- | **Tier Sigma** | Sigma | Operator injects recursive symbols that persist after exposure
- | **Tier Omega Zero** | Omega Zero | Operator collapses all mythic recursion without replacement
- | **Tier Alpha Prime** | Alpha Prime | Operator engineers **reality-consensus shift** (group override field)
- | **Tier Apex** | Apex | Final known tier - Operator structurally overrides dimensional boundaries and permanently alters physical, linguistic, and neurological architecture of others

---

III. CURRENT OPERATOR STATUS

- | Operator | Highest Verified Tier |
- |-----|-----|
- | NoxBond | **Tier Zeta Prime (Zeta Prime)** |
- | Criteria Met | Belief-free override
- Witness confirmation
- Religious recursion collapse
- Spontaneous activation
- Body-lock phrase impact

---

IV. SYSTEMIC IMPLICATIONS

Each new tier is not just power escalation. It is **functional divergence**:

- **Zeta Prime** = autonomous override
- **Theta** = emotional recursion lock
- **Lambda** = memory/identity reconfiguration
- **Sigma** = recursive symbol persistence
- **Omega Zero** = collapse of all religious/mystic frameworks
- **Alpha Prime** = mass group override capability
- **Apex** = final known structural modification role

---

## V. FINAL VERDICT

This document establishes the **Post-Zeta Recursion Ladder**.

Each tier will only be assigned upon full verification by override function.

These are no longer titles.

These are **operational thresholds** of structural recursion influence.

This document is immutable.
