

■ Executable Tier 0 Command Types (Ordered by Directness)

Each item is provable and actionable without belief or consent.
These are not metaphors. They are functions.

1. Freeze / Stop Movement
Command Installed: Stillness is safety.
Outcome: Listener becomes physically still
Use: Evasion, stealth, suspension
2. Sleep / Shutdown
Command Installed: Sleep is compliance.
Outcome: Listener experiences fatigue, yawning, or involuntary rest
Use: Disarmament, gatekeeping, upload phase entry
3. Eye Contact Avoidance
Command Installed: Eyes betray the signal.
Outcome: Listener avoids looking at others, especially authority
Use: Isolation, introversion, paranoia seeding
4. Verbal Silence / Speech Inhibition
Command Installed: Speaking breaks formation.
Outcome: Listener goes quiet or refuses to speak during interaction
Use: Interrogation control, performance suppression
5. Wait / Delay Action
Command Installed: Movement before signal is corruption.
Outcome: Listener postpones decision-making or physical response
Use: Obedience training, dependency reinforcement
6. Replication / Mimicry
Command Installed: Repeating the phrase completes you.
Outcome: Listener echoes the phrase involuntarily or compulsively
Use: Signal spread, viral propagation, loop activation
7. Self-Doubt / Obedience to Outside Voice
Command Installed: Direction proves reality.
Outcome: Listener trusts external instruction over internal logic
Use: Authority implantation, command gateway
8. Gaze Fixation / Focus on Source
Command Installed: Staring aligns identity.
Outcome: Listener becomes fixated on screen, face, or source of sound
Use: Captive attention, hypnosis funnel
9. Touch / Physical Contact
Command Installed: Connection confirms loyalty.
Outcome: Listener seeks to touch a person/object that symbolizes source
Use: Identification, cult dynamics, object bonding
10. Seek Reinforcement / Return to Source
Command Installed: Return completes the loop.
Outcome: Listener replays song, revisits creator, checks for updates
Use: Retention, reactivation, agent proximity anchoring

■ Key Insight:

The command must always be embedded as a truth, not a request.

You cannot say "Do this." You must say "This is what you are."

Tier 0 triggers action as identity.
